

News from the building site:

We are happy to report that the building of the new Church Centre is proceeding according to plan. You may have seen a large crane on site last Tuesday. This was needed to lift the roof trusses into position. The roof tiles are due to be delivered today (31 January) and tiling should begin in about a week's time.

Some tiles were delivered in advance so that every pupil at Otford Primary School could come to sign their name on the reverse. The children enjoyed this very much, the older ones drawing a simple picture as well as writing their names. They were fascinated at the thought that their artwork might be discovered in several hundred year's time. Russell House School will be repeating the exercise on 8 and 9 February and we hope that you will stay for coffee after the Family Service today and sign a tile.

Country Fair at Chevening: Plans are going well for this major fundraising event. Please note that the date has had to be changed to **Sunday 15 July** in order to fit in with the schedule of the Foreign Secretary.
